

Material Shortage

Due to various reasons, the construction industry is currently experiencing a shortage of building materials nationwide. Concrete and timber-based products, which are both used extensively on the Fencing Programme, are particularly affected. This may cause delays in the proposed timeline of the programme, though rest assured that it will be completed in its entirety as outlined below.

Following Works

Following the conclusion of Phase 2, BHEMB are proposing to commence Phase 3. These works will include the following streets, in order as written;

- Kempthorne Avenue
- Goodyear Avenue
- Thorne Avenue
- Jenks Avenue
- Low Hill Crescent
- Hammond Avenue
- Hammond Avenue
- Wingfoot Avenue
- Melverton Avenue
- Walker Avenue
- Bushbury Lane
